

At Tri-Cities Prep, the purpose of the placement tests is to help our students become successful. The placement tests assist in identifying the correct math or Spanish class according to the student's skills level.

Over the years, we have found that a Spanish 3 class in another school may not necessarily parallel a Spanish 3 class at Tri-Cities Prep. Often, this is because our classes are qualified as Honors courses, and our requirements reflect this status.

Our goal is to help all of our students thrive in our school, and we have found that students are much more successful when accurately placed in our classes.

Placement tests take place in late spring and throughout the summer. Families of admitted students will be contacted to set up an appointment to take the placement tests. If you have any questions, please do not hesitate to contact our Dean of Academics, Brett Powers, bpowers@tcprep.org.
