## Work for entering Honors Algebra 1

# Summer Work 2023

Show all work (when appropriate) on a separate sheet of paper. Simplification is implied for all problems. Leave answers in fractional form when appropriate (improper fractions are preferred to mixed numbers). Problems are to be returned on the first Friday of classes (which is NOT the first day of school). A test reviewing the prerequisite skills (reviewed in this packet) will be conducted the following week of classes.
